IKSHIT JOSHI

Kashipur, Uttarakhand | +91-9760915613 | ikshitjoshi2@gmail.com

PROFESSIONAL SUMMARY

Versatile Mechanical Engineering graduate with a diverse background in technical sales, financial advisory, and digital media. Proven track record in independent content creation, leveraging advanced AI tools and Large Language Models (LLMs) to drive consistent revenue growth. Skilled in communication across five languages, with technical proficiency in LLM & Oracle. Eager to apply a blend of technical acumen and creative strategy to a challenging new role. Proficient in Excel for data analysis and skilled in leveraging AI tools for process efficiency. Seeking to utilize analytical skills and engineering background to streamline operations in a Supply Chain or Logistics role.

WORK EXPERIENCE

Independent Content Operations & Strategy | Self-Employed (AdSense Monetized)
Kashipur, Uttarakhand | 2022 – Present

Managed end-to-end digital production workflows and revenue generation.

- **Data Analytics & Excel:** Tracked performance metrics (traffic sources, CTR, revenue) using Excel spreadsheets to forecast trends and adjust content strategy.
- **Process Optimization:** Utilized AI and Large Language Models (LLMs) to automate scripting and research tasks, reducing production time by 30%.
- **Resource Management:** Managed scheduling, digital asset inventory, and publishing timelines to ensure zero downtime in content delivery.

Sales and Service Engineer | Ionex Chemical and Engineers
Kashipur, Uttarakhand | May 2020 – Oct 2021

Oversaw technical service delivery and client account management for industrial chemical solutions.

- **Service Logistics:** Coordinated the delivery of technical services and products to industrial clients, ensuring on-time fulfillment of requirements.
- **Inventory & Planning:** Assessed client technical needs to ensure accurate product provisioning and inventory alignment.
- **Vendor & Client Relations:** Acted as the primary bridge between the engineering team and external clients, resolving operational bottlenecks quickly.

Financial Advisor | SBI Life Insurance
Kashipur, Uttarakhand | 2018 – 2020

Managed a portfolio of clients, focusing on financial planning and risk management.

- **Forecasting & Planning:** Analyzed client financial data to forecast future needs and recommend suitable long-term investment products.
- **Relationship Management:** Built a sustainable client network through consistent follow-ups and effective communication of complex policy details.
- **Performance Targets:** Consistently tracked and met sales performance metrics through disciplined pipeline management.

Competitive Exam Preparation | 2020 – 2022

Dedicated 2 years to rigorous preparation for various competitive exams, demonstrating exceptional dedication, resilience, and aptitude in structured assessments.

- **UPSC Combined Defence Services Examination (CDSE) 2021:** Cleared written examination (Roll Number: 1406833) and subsequently cleared the Services Selection Board (SSB) interview, validating strong leadership and officer potential.
- **Air Force Common Admission Test (AFCAT):** Successfully cleared the AFCAT written examination.
- **Qualities Developed through Preparation:** Cultivated key officer-like qualities (OLQs) essential for military and corporate success, including:
    - **Decision Making & Situational Awareness:** Enhanced ability to make timely and effective decisions under pressure.
    - **Planning & Organization:** Mastered time management and structured study techniques, applying systematic planning to complex problems.
    - **Communication & Confidence:** Developed effective public speaking, group discussion, and interpersonal skills essential for leadership roles.

Internships

Process Engineering Intern | SRF Limited

Kashipur, Uttarakhand | May 2017 – June 2017

Gained exposure to the manufacturing operations and process optimization in a large-scale plastic sheet manufacturing industry.

- **Process Modification & Efficiency:** Assisted in analyzing existing production lines, identifying bottlenecks, and proposing minor modifications to the process flow to speed up the manufacturing process.

- **Documentation:** Created and updated standard operating procedures (SOPs) for key process stages, contributing to better workflow adherence.
- **Safety Compliance:** Monitored equipment operation and assisted in ensuring adherence to industrial safety regulations.

Manufacturing Intern | Surya Roshni Limited
Kashipur, Uttarakhand | June 2018 – July 2018

Worked in the lighting manufacturing division, focusing on production line performance and quality control.

- **Manufacturing Process Optimization:** Conducted time studies on assembly lines and suggested layout changes and procedural adjustments aimed at modifying and speeding up the overall manufacturing process.
- **Quality Control:** Assisted the quality assurance team in inspecting finished goods and raw materials to maintain product standards.
- **Troubleshooting:** Supported and followed technicians in identifying and resolving minor machine and process failures to minimize downtime.

EDUCATION

B.Tech in Mechanical Engineering
Lovely Professional University (LPU), Jalandhar, Punjab
Graduated: 2018

Relevant Subjects: Industrial Engineering, Manufacturing Processes, Operations Research,robotics and automation,supply chain management.

SKILLS

- **Technical Skills:** AI & LLM Workflow Integration,Microsoft Excel,Oracle.
- **Soft Skills:** Negotiation, Critical Thinking, Adaptability, Cross-functional Communication.
- **Supply Chain & Operations:** Process Improvement, Inventory Management Basics, Vendor Relations, Logistics Coordination, Demand Planning.
- **Languages:** English (Fluent), Hindi (Fluent), Punjabi (Fluent), Haryanvi (Fluent), Kumaoni (Fluent).
